JOURNEY INTO MY WORKS

Since 1997 ...

ABOUT US

For more than 2 decades we have transformed design intents into practical fit-out solutions.

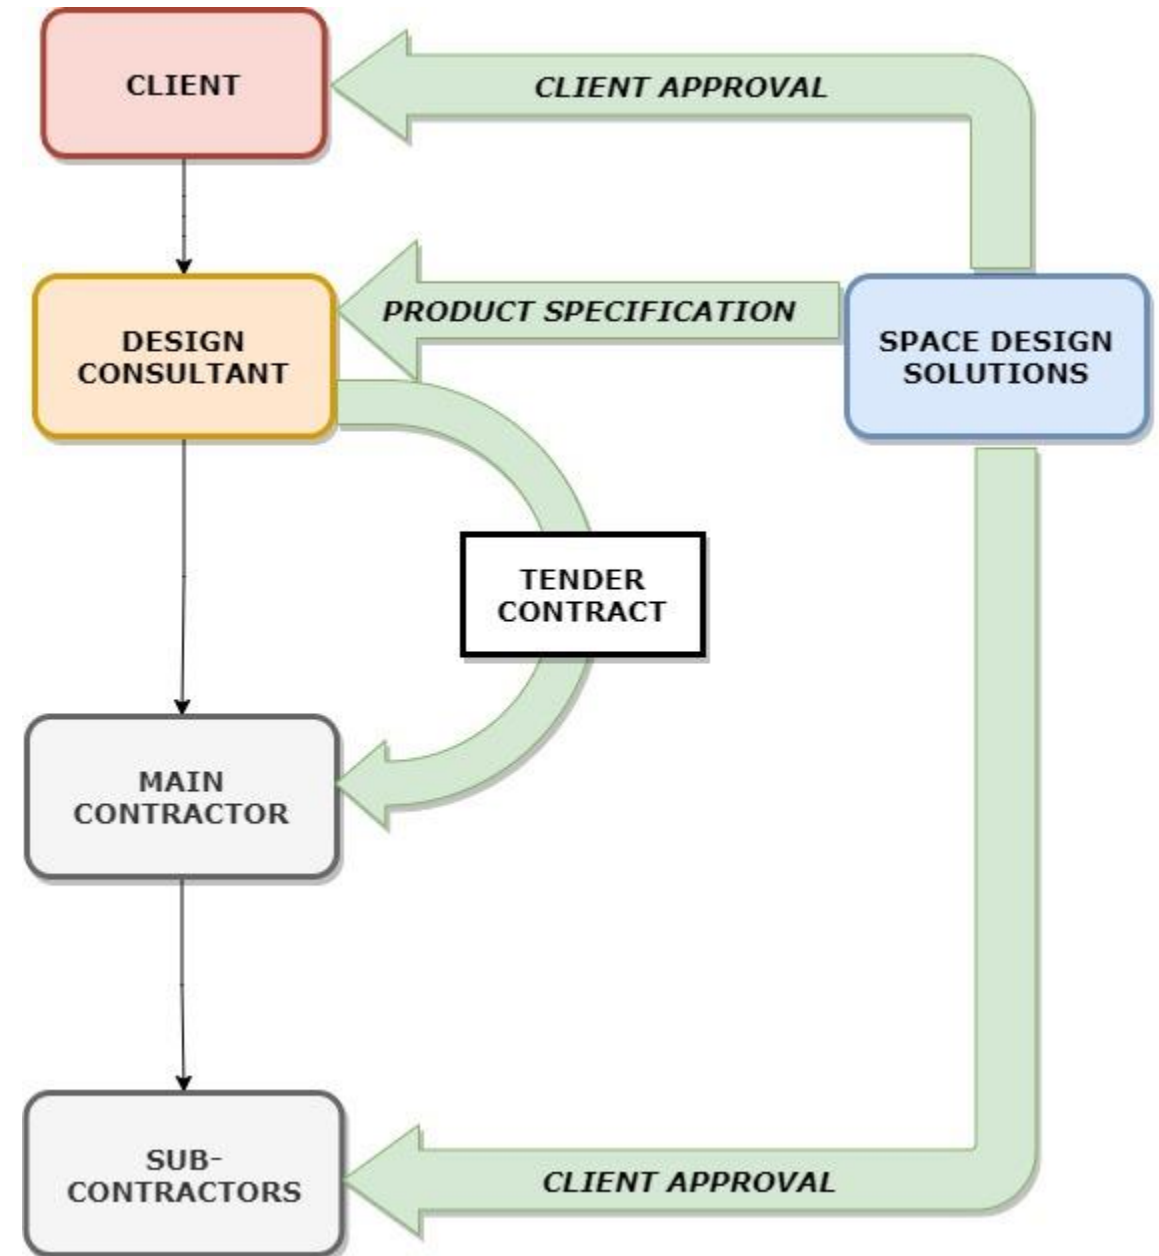

For us it is all about listening to your story from architects, clients to industry standard suppliers & contractors.

We are a team of experts who dedicate time and deploy methods to provide a seamless transition of designs into complete solution.

INTEGRATING PRODUCT SOLUTIONS IN DESIGN

At Space Design Solutions, we have kept it simple.

Proposing products within client budget and quality standards to consultants while extending the same to accommodate subcontractors' commercial interest and compliance

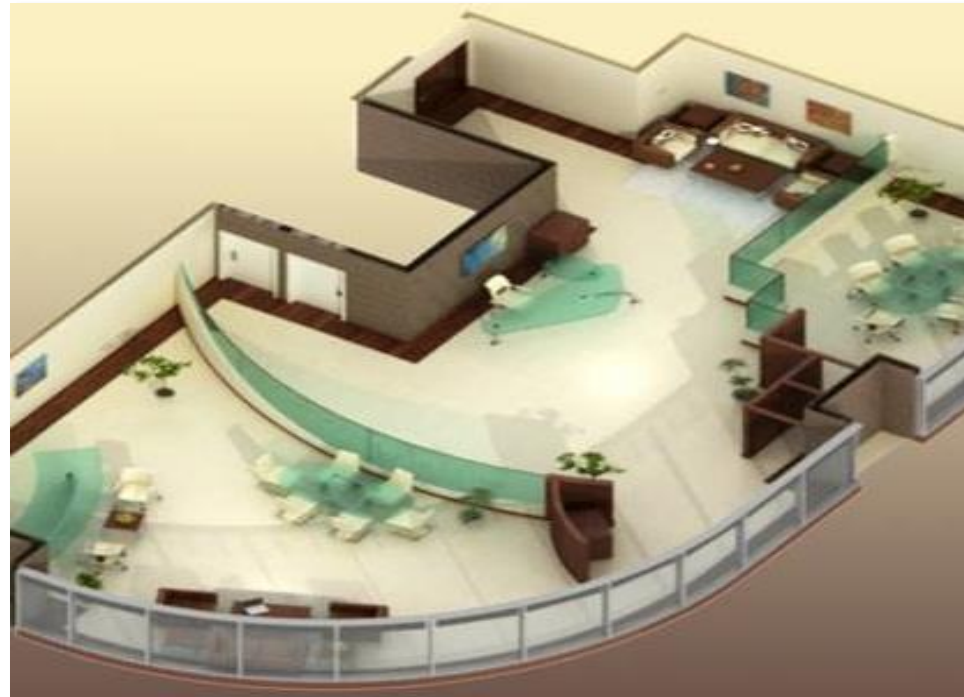

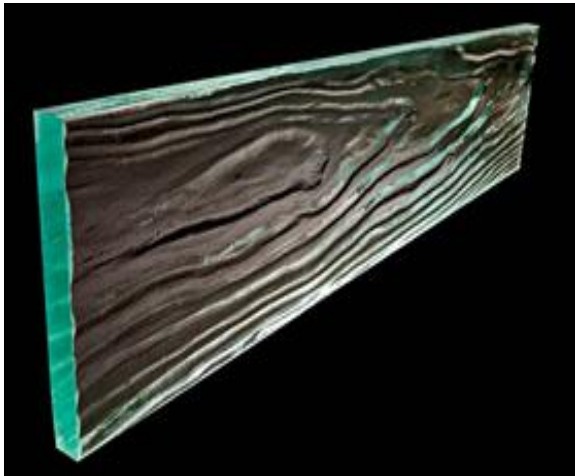

CLIENT'S OFFICE

JLT, Dubai, UAE

The design intent was based upon allowing maximum natural light while maintaining privacy through translucent glasses.

The product highlight is plain cast glass
